SECTION 1. GENERAL INFORMATION

1.1 Introduction

The District of Columbia (District) Department of Human Services (DHS) Family Services Administration (FSA), hereinafter referred to as the “DHS/FSA” or “Grantor” is soliciting detailed proposals (also referred to as “applications”) from applicants (or “prospective Grantees”) for Fiscal Year (FY) 2022 to operate 801 East Men’s Food Services and Culinary Training Program.

Homeward DC, the District’s five year strategic plan to guide homeless service systems transformation efforts, was released in 2015. The plan establishes a vision for transformation of the District’s homeless services system into an efficient crisis response system focused on a) preventing homelessness whenever possible, b) ensuring immediate access to safe, dignified, service enriched emergency accommodations when housing loss cannot be prevented, and c) providing rapid connection to permanent housing using a variety of tools and strategies to meet each individuals unique needs and circumstances – in other words, ensuring homelessness is rare, brief, and nonrecurring.

While housing is the solution to homelessness, emergency shelter will always be an important part of the response. When a housing emergency occurs, people need an immediate place to go while they work to get back on their feet. A well-functioning system is one that can provide emergency shelter in real time to anyone that needs it.

Homeward DC acknowledged that the majority of the District’s shelter facilities were too large, in poor condition, and were not designed for their current use – and therefore presented a variety of challenges in providing individuals and families in crisis the safe, welcoming, and supportive environment needed to regain stability. Accordingly, Homeward DC called for redevelopment of many of the District’s shelter facilities while the District simultaneously worked on scaling housing programs and improving system efficiency and service quality.

Over the last five years, the District began its shelter replacement work in the family system by replacing DC General with small, service-enriched, Short-Term Family Housing (STFH) programs throughout the community. As these new facilities opened, the District has seen first-hand the importance building design can have on the ability to provide services that help households exit homelessness quickly and secure housing of their own.

With the STFH project now complete, 801 East Men’s Shelter is the District’s first major shelter redevelopment project for individuals under the Homeward DC plan. The project will serve as an opportunity to test a new approach to providing tailored services to unaccompanied individuals with a goal of making the experience of homelessness as brief as possible.

DHS and the Interagency Council on Homelessness (ICH) led a robust community engagement process to gain feedback from consumers, providers, and other partners on the building design in 2019. Work on the new facility began in 2020, with substantial completion anticipated by November 2021.

The shelter will include different programming in different parts of the building. The building includes three separate shelter wings designed to meet the needs of different subpopulations: 1) 192 beds of low-barrier shelter, 2) 96 beds of shelter for individuals that are employed or otherwise on an employment track; and 3) 44 beds of shelter for seniors or other medically frail individuals. The facility also includes a Day Center and a Health Clinic and associated Medical Respite Program. The dorms will have separate, controlled entrances, though common areas – the Day Center, Health Clinic, Dining Hall, and Outdoor

Terrace – will be accessible to everyone staying in the shelter as well as individuals in the community seeking housing stability assistance.

1.2 Eligible Organizations/Entities

Non-profit community organizations, including those with IRS 501(c)(3) or 501(c)(4) determinations, faith-based organizations, such as churches, synagogues, mosques, or religiously based social service affiliates of such organizations, and private enterprises located in the District that have demonstrated experience working with individuals experiencing homelessness are encouraged to apply.

Eligible Grantee(s) are expected to demonstrate their direct experience in providing meals in congregate settings. In addition to having the appropriate staff qualifications and experience performing services similar in size and scope to the requirements of this solicitation, eligible Grantee(s) shall elaborate on their intent and ability to:

- Establish effective and efficient communication channels with other service providers and day service programs operating within the facility; and
- Offer services at scale while maintaining client confidentiality.

Continuing conditions of eligibility are that the information in the application is complete and truthful and that the Applicant at all times is able to meet any material conditions stated in its application. For instance, if an Applicant's ability to fulfill the terms of the grant is based on the availability of skilled staff and those staff should leave after the application's submittal or the grant award to the Applicant, the Applicant has the responsibility to advise DHS/FSA in writing of this change in material conditions. Another example of change in material conditions that could result in the loss of eligibility would be the loss of Applicant's tax-exempt status.

1.3 Source of Funds

The source of funds for the grant is the General Fund of the District of Columbia. Funding for grant awards is contingent upon availability of funds. Grant funds shall only be used to support activities specifically outlined in the scope of this RFA and included in the Applicant's submission. DHS also reserves the right to, without prior notice, reduce or cancel one or more programs listed in this RFA, reject all applications, adjust total funds available, or cancel the RFA in part or whole.

1.4 Award Period

The grant is being offered from May 1, 2022 through April 30, 2023 with up to four option years, subject to funding availability.

1.5 Projects and Funds Available

This grant has two components: meal provision and culinary training. One entity must be identified as the Prime, and that entity will be responsible for managing its subgrantees to achieve the performance objectives outlined in this solicitation. However, the Prime must also serve as the direct provider of the meal provision component.

1.6 Purpose of the Grant

Through this RFA, DHS seeks to procure a meal services provider for the provision of meal services for a shelter serving 350 unaccompanied adults experiencing homelessness and establish a robust culinary and client training program at the new 801 East Men's Shelter. This project, especially through the job training certification, will serve as an opportunity to test a new approach to providing tailored services to unaccompanied individuals with a goal of making the experience of homelessness as brief as possible.

1.7 Anti-Deficiency Considerations

The commitment to fulfill financial obligations of any kind pursuant to any and all provisions of a grant award, or any subsequent award shall remain subject to the provisions of (i) the federal Anti-Deficiency Act, 31 D.S.C. §§1341, 1342, 1349, 1351, (ii) the District of Columbia Anti-Deficiency Act, D.C. Official Code §§ 47-355.01-355.08 (2001), (iii) D.C. Official Code § 47-105 (2001), and (iv) D.C. Official Code § 1-204.46 (2006 Supp.), as the foregoing statutes may be amended from time to time, regardless of whether a particular obligation has been expressly so conditioned.

1.8 Permissible Use of Grant Funds

A Grantee may use grant funds only for allowable grant project expenditures. Grant funds related to work performed will be provided on a reimbursement basis, except that an advance of funds may be provided for grant administration expenses in limited circumstances for good cause approved by DHS/FSA at its sole discretion.

The Department will collect, and the Grantee shall remit all unexpended and/or unsubstantiated funds within ten (10) business days following conclusion of the Grant Performance Period. Unexpended grant dollars that have not been returned to the Department represent a debt to the District of Columbia.

1.9 Competition for a Grant Award

This RFA is competitive. Each Applicant must demonstrate its ability to carry out the activities for the grant for which it applies (called a “project”). A review panel will evaluate the applications for each advertised grant according to the stated list of criteria in each project’s description. The proposal(s) with the highest score(s) will be awarded the grant.

Specifically, grant awards will be made based on eligibility, the extent to which the proposed activities fit within the scope and available funding of the grant, the strength of the application, and the organization’s capacity and experience to achieve the grant’s goals.

1.10 Grant Monitoring

In its sole discretion, DHS/FSA may use several methods to monitor the grant, including site visits and remote monitoring via review of program data, financial reports, observation of program operations, and interviews of staff and participants. During such visits, the Grantee is required to provide such access to its facilities, staff, clients, and records as may be necessary for monitoring purposes.

Each grant is subject to audit.

1.11 General Terms and Conditions

“Appendix: General Terms and Conditions” is incorporated by reference in this RFA. Applicants and Grantees must comply with all applicable terms and conditions outlined in the appendix.

In addition, the provider will operate a training program to prepare and certify clients in a career in food services. This project will serve as an opportunity to test a new approach to providing tailored services to unaccompanied individuals with a goal of making the experience of homelessness as brief as possible.

The new 801E shelter, located on the former St. Elizabeth’s campus, will replace the existing 801 East Men’s Shelter at 2700 Martin Luther King Jr. Avenue in the Ward 8 Anacostia community located in Southeast Washington, DC. 801 East Men’s Shelter is a low-barrier shelter program open to anyone who identifies as male years 18 and older. The program offers breakfast, a hot dinner, access to case management staff, showers, and a bed on a nightly basis. The low-barrier shelter provides 380 beds every night and is open from 5 PM to 7 AM daily.

Within the total number of beds, a percentage of them will be used for designated clients such as those enrolled in work or educational programs, medically respite clients, and seniors. Additionally, the shelter will house a day services center for clients experiencing homelessness. The services may include:

- Restroom and shower facilities,
- Laundry Services,
- Assistance with vital records such as government identification, and
- Case Management.

The Grantee will have 24/7 access to the kitchen and food storage and preparation areas.

In addition, the Grantee will be responsible for providing all labor and management. The Grantee will also be responsible for operational costs including supplies, materials and normal maintenance of the equipment required to prepare and deliver food services and invoice the District monthly on a Firm-Fixed Costs basis.

The Grantee will train successive cohorts of clients on a continual basis throughout the year. Success ratios will be determined by the percentage of initially enrolled, client cohorts who attain one of the accepted credentials. Successful Applicants will outline the duration of each cohort in weeks, identify the pursued recognized credential, and provide a syllabus and outcome goals for the program.

Operating functions, collectively referred to as shelter operations, including but not limited to building security, janitorial services, facility maintenance, landscaping, case management, and medical services will not be included in this contract. However, the selected Grantee will be expected to coordinate closely with shelter operations staff as directed by DHS and the onsite Shelter Manager on areas pertaining to food services and food training.

The District will select most qualified in accordance with the Evaluation Factors outlined in Section X.

Acuity: The depth of need of the presenting program participant. When utilizing the VI-SPDAT (Vulnerability Index – Service Prioritization Decision Assistance Tool), acuity indicates the presence of a presenting issue based upon evidence of housing instability or vulnerability. In using the VI-SPDAT, acuity is expressed as a number with a higher number representing more complex, co-occurring issues that are likely to impact overall housing stability. For RRH, most single adult households will have an acuity range of 4-7 on the VI-SPDAT (Version 2) or 5-9 (Version 1).

Adequate nighttime residence: A housing accommodation that is not likely to jeopardize the health, safety, or welfare of its occupants.

Administrative Review: A legal process to determine a resolution as a result of a fair hearing request.

Administrative Support: Includes three direct services for participants participating in a program: (1) invoice documentation; (2) invoice tracking; and, (3) data entry into required database system(s). These tasks are intended to directly support the providers' efforts to meet the deliverable requirements of the program. Administrative Support is a direct service and does not include general administrative overhead like rent, insurance, or any other indirect services. In addition, Administrative Support does not include services paid for elsewhere in the human care agreement.

Adult: Any individual who has reached the age of majority under District law as defined in section 46-101 of the D.C. Code; or qualifies as an emancipated minor under District Law.

Households that pay more than 30 percent of their income for housing may have difficulty affording necessities such as food, clothing, transportation, and medical care and are considered cost burdened by HUD Households that pay more than 50 percent of their income for housing are considered severely cost burdened.

Appropriate Housing: Housing units that meet the individually stated requests for a participant searching for units in the District of Columbia following clear discussions with the individual of the parameters of their requests. Individual requests may include, but are not limited to, a specific area or quadrant of the city, a specific ward within the District, units with specific amenities, or

units with specific requirements (ADA accessible units). Also, housing should not threaten or compromise the attainment and satisfaction of other basic needs including food, education, and access to health care. In addition, all appropriate units would meet the HUD. Housing Habitability Standards.

Benefit Screening: A process used by a Case Manager or other designated staff member to assist clients in identifying federal and local benefits that they may be eligible for but are currently not receiving, using tools such as the United State Government’s *Benefit Finder Questionnaire* at <https://www.benefits.gov/> or XXX.

By-Name List: A real-time, up-to-date list of all people experiencing homelessness that includes categories such as Veteran status, chronic status, active/inactive status, homeless/housed status, etc. By-Name Lists allow communities to know every person experiencing homelessness “by name” and facilitate efficient decisions around how best to refer individuals experiencing homelessness to housing resources.

Caseload: The number of active program participants working on a permanent housing strategy assigned to a Case Manager.

Case Manager: A service professional that engages individuals and provides assistance in developing goals; identifying strengths, opportunities, needs, and barriers; outlining action steps; and connecting individuals with the resources, assistance, and encouragement needed to achieve identified goals.

Coordinated Assessment Housing Placement (CAHP) System (also referred to as Coordinated Entry): Process that streamlines access to homeless assistance services (such as prevention, shelter, and transitional housing), screens applicants for eligibility for these and other programs in a consistent and well-coordinated approach, and assesses needs to determine which interventions are the best fit. In a system that offers coordinated entry, each homeless assistance service location uses the same assessment tool and makes decisions about referrals based on consistent criteria and a comprehensive understanding of each program’s requirements, target populations, and available openings and services.

Culturally Competent: Under the HSRA, refers to the ability of a provider to deliver or ensure access to services in a manner that effectively responds to the languages, values, and practices present in the various cultures of its clients so the provider can respond to the individual needs of each client.

Such services include, but are not limited to: creating a positive, dignified, safe, and protective environment for each individual and his/her personal belongings; providing a coordinated entry into the homeless services continuum; connecting people to housing, employment, and other supportive services; providing healthy meals and reliable hygiene services; and, ensuring access to peer-led,

professionally-supported, therapeutic programming.

Department: The District of Columbia Department of Human Services or any successor organizational unit (in whole or in part).

Diversion: An intervention designed to empower persons facing imminent homelessness to identify safe and appropriate housing options and assist them in avoiding shelter and returning immediately to housing. Similar to Rapid Exit, though Diversion is delivered at the point people request emergency services, such as entry into emergency shelter.

Homeless: Under HSRA, the definition is limited to individuals that:

- a) An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:
 - i) An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground;
 - ii) An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); or
 - iii) An individual who is exiting an institution where he or she resided for 180 days or less and who resided in a shelter or place not meant for human habitation immediately before entering that institution;

- b) An individual or family who will imminently lose their primary nighttime residence, if:
 - i) The primary nighttime residence will be lost within 14 days of the date of application for Continuum of Care services;
 - ii) No subsequent residence has been identified; and
 - iii) The individual or family lacks the resources or support networks, such as family, friends, and faith-based or other social networks, needed to obtain other permanent housing;

 - ii) Has no other residence; and
 - iii) Lacks the resources or support networks, such as family, friends, and faith-based or other social networks, to obtain other permanent housing.

Homeless Management Information System (HMIS): The Management Information System designated by a Continuum of Care Governance Board to comply with the U.S. Department of Housing and Urban Development's data collection, management, and reporting standards, and used to collect client-level data and data on the provision of housing and services to homeless individuals and families and people at risk of homelessness.

Homeless Services Reform Act (HSRA): A District of Columbia statute that governs the provision of services and assistance to people experiencing or at risk of homelessness in the District. See: <https://ich.dc.gov/page/homeless-services-reform-act-2005>

Household Budget: A financial plan that identifies all sources of client household income (earned and unearned) the client's income towards expenses (rent, food, and other costs of living), savings, and debt repayment, as applicable). Households budgets should be considered based on how a participant will manage expenses like rent, food, and other living costs following the end of their subsidy in the RRH-I program.

Housing First: Under the HSRA, Housing First means a program that provides participants with

immediate access to independent permanent housing and supportive services without prerequisites for sobriety or participation in psychiatric treatment. Participants in Housing First programs may choose the frequency and type of supportive services they receive, and refusal of services will have no consequence for their access to housing or on continuation of their housing and supportive services. HUD encourages all recipients of CoC Program-funded P.S.H. to follow a Housing First approach to the maximum extent practicable. To that end, a Housing First orientation is specified as one of the universal qualities that a coordinated assessment process should include. Coordinated assessment tools should not be used to determine “housing readiness” (i.e. that an individual must address other issues that may have led to the episode of homelessness prior to entering housing), or screen people out for housing assistance, and therefore should not encompass an in-depth clinical assessment. A more in- depth clinical assessment can be administered once the individual or family has obtained housing to determine and offer an appropriate service package.

Housing-Focused Case Management: A service designed to 1) engage individuals; 2) provide assistance in identifying needs, desires, strengths, opportunities, and barriers with regard to housing attainment and housing stability; and 3) provide tailored support that empowers clients to achieve their goals, including (but not limited to) navigating systems, identifying available resources, assessing options, identifying points of contacts, completing applications, and pursuing new knowledge and skills. In the shelter context, Case Management centers primarily on the pursuit of permanent housing, though clients are empowered to consider the issues and needs that they consider critical to their pursuit of housing (e.g., employment, reconnection with family or others in their support network, healthcare supports).

Housing the Homeless Database (HTH): The current software application in QuickBase used by the Department of Human Services for homeless participants referred to the District’s homeless services programs.

Housing Navigation: A service designed to help clients navigate the rental market and identify appropriate housing options. Housing Navigators are responsible for building relationships with landlords, working with landlords to secure units for individuals exiting homelessness, helping landlords navigate the requirements of different housing subsidy programs, providing problem-solving support for landlords during and after the lease-up process, and coordinating with Case Managers to ensure clients find a unit that will work for them.

Housing Plan: means a written plan collaboratively developed and agreed upon by the provider and the client, consisting of time-specific goals and objectives designed to promote attainment of permanent housing based on the client’s unique needs, desires, strengths, resources, and limitations.

Hyperthermia Shelter/Beds: A public or private building that the District shall make available, for the purpose of providing shelter to individuals or families who are homeless and cannot access other shelter, whenever the actual or forecasted temperature or heat index rises above 95 degrees Fahrenheit. The term “hyperthermia shelter” does not include overnight shelter. (21)
“Hypothermia shelter” means a public or private building that the District shall make available, for the purpose of providing shelter to individuals or families who are homeless and cannot access other shelter, whenever the actual or forecasted temperature, including the wind chill factor, falls below 32 degrees Fahrenheit.

Hypothermia Shelter/Beds: A public or private building that the District shall make available

whenever the actual or forecasted temperature, including the wind chill factor, falls below 32 degrees Fahrenheit, in order to provide 24-hour shelter to families and 24 hour shelter to individuals (during aforementioned weather conditions only) who are homeless and cannot access other shelter. Specific beds may be designated as hypothermia beds at shelters, facilities and programs that are not categorized as hypothermia shelters. Hypothermia shelters/beds may be designated as seasonal (once opened initially they shall stay open every night for the season) or alert only (only open when hypothermia alerts are called). Hypothermia shelters/beds may be used (at the discretion of the District) outside of the season based on need. Also referred to as “severe weather” shelter.

Intake: The method by which participants are selected and approved for participation in a program. The intake process should include, but is not limited to, the completion of an intake form, review and signature of program rules, completion of the participant’s first rental calculation, social security card, valid DC ID, birth certificate and signed intake checklist.

Lived Experience: Refers to a representation of the experiences and choices of a given person, and the knowledge that they gain from these experiences and choices. In this circumstance this would refer to someone who has previously experienced homelessness.

Low Barrier Shelter: As defined by the HSRA, Low Barrier Shelter is an overnight housing accommodation for individuals who are homeless, provided directly by, or through contract with or grant from, the District, for the purpose of providing shelter to individuals without imposition of identification, time limits, or other program requirements.

Long-Term Stayer: individuals staying over 180 cumulative days in shelters (or outdoors) within a 365-day period (not necessarily consecutive).

Medically Frail: An individual who has a serious ongoing illness or a chronic physical condition that has lasted or is anticipated to last for more than 12 months or has required more than one month’s hospitalization.

Medical Respite Services: According to the HSRA, medical respite services are time-limited acute and post-acute medical care that is provided in a residential medical facility or shelter to individuals who are: a) Homeless; and b) Determined by a qualified medical professional licensed in the District to require medical assistance.

Minor Child: A including those by adoption, eighteen (18) years of age or younger.

Motivational Interviewing: a client-centered yet directive approach for facilitating change by helping people to resolve ambivalence and find intrinsic reasons for making needed behavior change. Originally designed for people with substance use disorders, motivational interviewing is now broadly applied in health care, psychotherapy, correctional, and counseling settings. It is particularly applicable when low intrinsic motivation for change is an obstacle. Rather than advocating for and suggesting methods for change, this approach seeks to elicit the participant’s own goals, values, and motivation for change and to negotiate appropriate methods for achieving it.

Naloxone (also known as Narcan): This is a medication approved by the Food and Drug Administration (FDA) to prevent overdose by opioids such as heroin, morphine, and oxycodone. It

blocks opioid receptor sites, reversing the toxic effects of the overdose. Naloxone is administered when a patient is showing signs of opioid overdose. The medication can be given by intranasal spray, intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Performance Measures: A process that systematically evaluates whether your program's efforts are making an impact on the clients you are serving.

Permanent Housing: Defined in the HSRA as housing without a designated length of stay, characterized by a lease or other occupancy agreement that is for a term of at least one year and renewable by the tenant named on the lease for terms that are a minimum of one month.

Permanent Housing Program: Defined in the HSRA as a federally or locally funded program within the Continuum of Care through which individuals or families obtain permanent housing. The term "permanent housing program" includes Rapid Re-Housing and permanent supportive housing

Permanent Supportive Housing (PSH): Defined in the HSRA as a program that provides rental assistance and supportive services for an unrestricted period of time to assist individuals and families experiencing chronic homelessness, or at risk of experiencing chronic homelessness, to obtain and maintain permanent housing and to live as independently as possible.

Personnel: The staff hired by the service provider to deliver case management and/or associated services in the program.

Prevention Services: Interventions and services aimed at preventing housing crises from occurring, as well as preventing people who do experience such crises from experiencing homelessness.

Problem Solving: Strengths-based, client-centered conversations focused on helping a household identify and access options for resolving their housing crisis. This resolution is typically accomplished through natural supports and community-based resources.

Program Rules: The set of provider rules, client rights, and complaint and appeal procedures, proposed by a particular provider for the purpose of governing the behavior and treatment of its clients and approved by the Mayor subject to § 4-754.32.

Progressive Engagement: An approach to service delivery that starts with an understanding of the strengths and resiliencies that each person has and works to leverage those in promoting housing and life stability. Case management, therefore, starts with a "light touch" and becomes more involved, intensive, and frequent when a program participant demonstrates that without more assistance their tenancy would be in peril. Once the situation has been resolved or new skills have been learned, the intensity and frequency of case management services regresses back to a "light touch."

Provider: As defined by the HSRA, an individual or entity within the Continuum of Care that operates a program covered by § 4-754.01.

Rapid Re-Housing (RRH): As defined by the HSRA, a program that provides housing relocation and stabilization services and time-limited rental assistance, as necessary, to help a homeless

individual or family move as quickly as possible into permanent housing and achieve stability in permanent housing such that recipients may remain in the housing when assistance ends.

Rapid Exit: Efforts to help an individual experiencing homelessness to move back into housing as quickly as possible with the support of light-touch services. Similar to Diversion, except the assistance is provided after an individual has entered emergency shelter or spent a night unsheltered.

Rental Assistance: Financial and programmatic supports that enable individuals to obtain and maintain affordable housing. Such assistance can include, but is not necessarily limited to, time-limited assistance with security deposits and/or a subsidized portion of monthly rental costs, in accordance with the District's Rent Reasonableness standards.

Senior: An individual that is 65 years of age or older.

Severe Weather Shelter: As defined by the HSRA, means hyperthermia shelter or hypothermia shelter.

Subcontractor: A subcontractor is a person who is hired by a general contractor (or prime contractor, or main contractor) to perform a specific task as part of the overall project and is normally paid for services provided to the project by the originating general contractor.

Supplemental Security Income (SSI)/Social Security Disability Income (SSDI) Outreach, Access, and Recovery (SOAR): The SOAR program increases access to Social Security disability benefits for people with behavioral health issues experiencing or at risk of homelessness.

Supportive Services: An array of health, mental health, substance use, employment and training, life skills, legal services, and other services aimed at enabling housing placement, housing stability, health, wellness, community integration, self-sufficiency, and the improved quality of life of an individual or family.

Streamlined Intake: a standardized process for intake and referrals for unaccompanied individuals seeking homeless services, regardless of the location where they first enter/touch the system.

Temporary Shelter: Non-permanent shelter accommodation that falls into one of the following types:

- A housing accommodation for individuals who are homeless that is open either twenty-four (24) hours or at least twelve (12) hours each day, other than a severe weather shelter or a low barrier shelter, provided directly by, or through contract with the District, for the purpose of providing shelter and supportive services; or
- A twenty-four (24) hour apartment style housing accommodation for individuals or families who are homeless, other than a severe weather shelter, provided directly by, or through contract with or grant from, the District, for the purpose of providing shelter and supportive services; or
- A housing accommodation for individuals who are homeless that is open either twenty-four (24) hours or at least twelve (12) hours each day, other than a severe weather shelter or a low barrier shelter, provided directly by, or through contract with or grant from the District, for the purpose of providing shelter and supportive services with a specific focus on a target population or service, a specific focus on issue/barrier for the homeless (e.g., mental health, disabilities, etc.), or

both. These facilities programs are considered “specialty programs/shelters.” DHS, the Contractor and subcontractors shall partner with Federal and other District agencies (e.g., U.S. Department of Veterans Affairs, DC Department of Health, DC Department of Mental Health, DC Office on Aging, etc.) to connect clients in specialty shelters to mainstream services provided by these agencies. Additionally, as designated by DHS, the Contractor shall ensure that subcontractors at specialty shelters are certified to receive reimbursements for direct services provided to clients as applicable.

Termination: Defined by the HSRA § 4-754.36, a provider may terminate its delivery of services to a client when the provider documents that it has considered suspending the client in accordance with § 4-754.35 or has made a reasonable effort, in light of the severity of the act or acts leading to the termination, to transfer the client.

Time-Limited Support: Means case management services and direct financial and/or case management assistance for a limited period of time. An extension can typically be granted based upon the unique situation of the household, as allowed under statutory and regulatory requirements of the program funding source.

Transportation: Defined as any mode of transportation used to assist the individual with housing and employment related services, such as Metro Smart Trip fare cards, mileage and/or rideshare.

Trauma Informed Care: Most individuals seeking public behavioral health services and many other public services, such as homeless and domestic violence services, have histories of physical and sexual abuse and other types of trauma-inducing experiences. Trauma-informed organizations, programs, and services are based on an understanding of the vulnerabilities or triggers of trauma survivors that traditional service delivery approaches may exacerbate, so that these services and programs can be more supportive and re-traumatization can be avoided.

Vulnerability Index-Service Prioritization Decision Assistance Tool known as (VI-SPDAT) or (SPDAT): The Vulnerability Index is a tool for identifying and prioritizing the homeless population for housing according to the fragility of their health. The SPDAT is an evidence-informed approach to assessing an individual’s or family’s acuity. The VI-SPDAT tool, across multiple components, prioritizes who to serve next and why, while concurrently identifying the areas in the person or family’s life where support is most likely necessary in order to avoid housing instability. Co-occurring social and medical factors are the primary factors that contribute to homelessness. The VI-SPDAT was created through the merger of the Vulnerability Index, as owned and made popular by Community Solutions, and the SPDAT Pre-screen Tool, which is part of the SPDAT tool suite owned and created by OrgCode Consulting, Inc.

Warm Handoff: A real-time and in-person referral meeting where an initial provider introduces their client to a new provider to facilitate the transition of primary case management. This method provides clients with the assurance that they, the initial provider, and new provider are all part of a team and that their wellbeing is the central focus of the team’s efforts. This reinforces positive expectations, good communication, and continuous care.

Welcoming Environment: A bright, positive, and person-centered atmosphere created by the staff through personalized greetings, respectful processes/procedures, furniture arrangements, room configurations, and decorations. All of these things add up to create either a welcoming environment for clients.

Youth: A person who is aged 24 years or younger.
